

EFFICIENT FEED PREMIXES *for* DAIRY CATTLE

Continuous Growth

**Health, Nutrition & Pharmaceuticals
for Poultry, Livestock & Human**

22 Years of Industry Experience

Well equipped **Research & Development**

Certified production facility

Having More than 250 registered Products

Nazir's Distributors, A National Distribution Network

WE are also in Cosmetics & Foods Business

Corporate Profile

NFAGEST

The Digestion
Formula Powder

A well designed
feed preservative
growth promoter and
intestinal microbiota enhancer
in Dairy cattle.

Each gram contains

Calcium propionate	300 mg
Sodium propionate	500 mg
Gentian root extract	25 mg
Sodium molybdate	125 mcg
Copper sulphate	600 mcg
Cobalt sulphate	600 mcg
Iron bisglycinate	600 mcg
Magnesium sulphate	300 mcg
Zinc sulphate	200 mcg
Sodium chloride	167.6 mg

Available Pack Sizes

**An effective mineral mixture
formula with gentian root extract for
prevention of ruminal acidosis and
stimulation of rumen functions.**

**Perfect for high milk production,
normal bone & teeth formation,
maintenance of osmotic balance,
normal reproductive functions,
haemoglobin synthesis,
carbohydrate metabolism and
normal functioning of epithelial
tissues.**

500gm, 1kg, 5kg, 10kg, 20kg, 25kg

COMPOMIX

The Productivity
Formula Powder

*A perfect blend of
fat soluble vitamins with
Vitamin B - Complex,
calcium and minerals
for efficient productivity in cattle.*

Each kg Premix contains

Vitamin A	175 IU
Vitamin D3	37.500 IU
Vitamin E	1000mg
Vitamin B2	499mg
Vitamin B3	3.675mg
Vitamin B12	650ug
D.C.P	85mg
Sodium Chloride	66.5mg
Magnesium Sulphae	21.5mg
Manganese Sulphate	5.950mg
Zinc Sulphate	1.650mg
Potassium Iodide	490mg
Copper Sulphate	195mg
Calcium Chloride	13.5mg
Cobalt Sulphate	7.5mg
Sodium Selenite	7.5mg

A unique vitamins and mineral Premix that is highly efficient and used to enrich combined feeds and foods of all farm animals to increase their productivity to fulfil respective nutrient requirements of dairy cattle, irrespective of the age, breed, reproductive stage or even the stage of lactation. It is mostly effective when used regularly in recommended doses.

Available Pack Sizes

1kg, 2.5kg, 5kg, 10kg

Milrano

The Performance
Formula Powder

**An efficient
Vitamins formula
with minerals and
trace minerals**

Each kg contains

Vitamin A	0.5 M.I.U
Vitamin D	0.08 M.I.U
Vitamin E	0.300gm
Calcium	225gm
Phosphorous	120gm
Magnesium sulfate	25gm
Sodium	20gm
Iron (as Ferrous)	1.0gm
Zinc sulfate	3gm
Manganese	2gm
Copper Sulfate	0.600gm
Cobalt	0.010gm
Iodine	0.020gm
Selenium	0.003gm

Unique fat soluble vitamins and mineral Premix that is highly efficient and used to enrich combined feeds and foods of all farm animals to increase their productivity to fulfil respective nutrient requirements of dairy cattle, irrespective of the age, breed, reproductive stage or even the stage of lactation. It is mostly effective when used regularly in recommended doses.

Available Pack Sizes

1kg, 5kg, 10kg, 20kg, 25kg

Desmin

The Perfect Mineral
Formula

**Efficient Mineral Formula
for high milk Production
and excellent performance**

Each Kg Contains

Cholecalciferol	10000 IU
Manganese Sulfate	2g
Alpha tocopherol acetate	2g
Sod selenite	2g
Iron sulfate	2g
Sodium chloride	2g
Cobalt sulfate	45g
Magnesium sulfate	10mg
Copper sulfate	55g
Calcium chloride	600mg
Potassium iodide	600mg
Monobasic Calcium Phosphate	40mg
Zinc Sulfate	153g

**One of the best dairy feed supplements
for the production and growth of
livestock animals. It aims to keep
animals in the best of their health. Trace
Minerals are very much required in a
regular diet for animals. Desmin offers a
complete quality-based composition to

immune function, fetal development,
muscle development, fertility, nervous
system function, production of milk and
hoof, and skin and hair quality.**

Available Pack Sizes

1kg, 5kg, 10kg, 20kg, 25kg

Nfazyme

*The Performance
Powder
Formula*

Efficient combination of amino acids and mineral for maximum yeild.

Each kg contains

Calcium carbonate	14g
Magnesium oxide	0.31g
Sodium Chloride	2.86g
Phosphorus	0.06g
Lysine	0.31g
Methionine	0.17g
Threonine	0.32g
Tryptophan	0.13g

A feed additive with amino acids and minerals for dairy cattle and goats. It help to maintain metabolism and a healthy body and balances amino acids & minerals, and other nutrient deficiencies in cattle. It is helpful for faster and healthier growth, resistance, and immunity building and peak production & body weight. It is a vital feed additive that is quite helpful and a formula for instantly boosting overall health and It is an instant energy booster.

Available Pack Sizes

1kg, 5kg, 10kg, 20kg, 25kg

Nfaminal

A Pro Mineral Powder

Formula

Efficient combination of aminoacids and mineral for maximum yeild.

Vitamin A	0.5IU
Vitamin D3	0.08IU
Vitamin E	0.3gm
Calcium carbonate	225gm
Phosphorus	120gm
Magnesium oxide	25gm
Sodium Chloride	20gm
Iron(bisglycinate)	1gm
Zinc oxide	3gm
Manganese oxide	2gm
Copper sulfate	0.6gm

A complete feed premix with vitamins and minerals for all species of dairy. It helps to maintain metabolism and a healthy body and balances minerals, and other nutrient deficiencies in cattle

For faster and healthier growth, resistance, and immunity building in aqua, poultry and cattle. It is helpful for peak production, body weight. It is a highly recommended for faster and healthy growth of cattle.

It is a vital feed additive that is quite helpful and a formula for instantly boosting overall health and It is an instant energy booster

Available Pack Sizes
