Tyrosine	11.5mg

Description

Faiqovit is a combination of Fat soluble and water soluble Vitamins and Amino acids. Faiqovit is a production stimulant, can be used in vitamins deficiencies, vaccination or weather stress, movement or transport of birds. An adequate supply of vitamins and essential amino acids is essential to build lean muscle mass, to improve health of joints, skin, coat and the immune system, and to enhance strength, energy, fertility, production and performance.

Dosage

1 ml per 5 liters of drinking water for 5-7 consecutive days.
