

Ferosim

Iron Bisglycinate with

L-methylfolate Plus Vitamin C

- Ensures efficient iron absorption in body.
- Enhances bio-availability.
- Synergistic nutrient support.
- Better paitent compliance.

DOSAGE:

Tablet: 1 to 2 tablet daily or as advised by physician.Syrup: Children: 1 table spoon/day or as advised by physician. Adults: 2 table spoon/day or as advised by physician.

Available in SYRUP & TABLET

Ferosim

Ferosim Syrup & Tablet is an advanced formulation that brings together three powerhouse ingredients: Vitamin C, Iron Bisglycinate, and L-Methylfolate. This dynamic trio harmonizes to provide a comprehensive solution for overall well-being and to compensate loss of RBCs.

Ferosim contains Vitamin C, celebrated for its antioxidant prowess, joins forces with the gentle yet effective Iron Bisglycinate and the bioactive L-Methylfolate, creating a blend that not only supports immune function but also promotes optimal iron levels and aids in essential DNA synthesis.

L-Methylfolate ensures that the body has the necessary form of folate to support healthy red blood cell formation and prevent certain types of anemia.

Vitamin C enhances the absorption of non-heme iron, the type of iron found in plant-based foods and iron supplements. By forming a complex with iron, Vitamin C improves its solubility and bioavailability, making it more accessible for absorption in the intestines.

Iron is a critical component of hemoglobin, the protein responsible for transporting oxygen in red blood cells. Iron bisglycinate is a form of iron that is generally well-tolerated and easily absorbed by the body.

BENEFITS:

- Helps to treat or prevent anemia pre, post and during pregnancy.
- Helps to treat or prevent low folate levels.
- Helps in iron deficiency anemia, during; Teen age, Old age, Polymenorrhea, Hypermenorrhea, Low Hb level, Pregnancy & Lactation.

COMPOSITION:

Each 10ml contains: Iron Bisglycinate - 130 mg L-Methylfolate - 100 mcg Vitamin C - 25 mg

COMPOSITION:

Each film coated tablet contains: Iron Bisglycinate - **130 mg** L-Methylfolate - **200 mcg** Vitamin C - **50 mg**
