MULTIFLUX

Energize your life
with MultiFlux!

MultiFlux Syrup & Tablet comprises of comprehensive blend of vitamins and minerals that play a crucial role in supporting immune function. This formulation aims to fortify the immune system by combining a diverse array of nutrients, fostering resilience and overall well-being.

Vitamin A and D3 are essential for maintaining the integrity of the immune system. Thiamine (Vitamin B1) is essential for converting carbohydrates into energy, B12 is often associated with energy production due to the involvement in the metabolism of fatty acids. Pyridoxine (Vit B6) is crucial for the metabolism of amino acids and involved in the synthesis of neurotransmitters, collectively all B-complex vitamins contribute to overall vitality. Vitamin C is well-known for its antioxidant properties, aiding in immune defense.

Niacinamide and Calcium Pantothenate support skin health, a key aspect of the body's defense against pathogens. Additionally, Linum Oil, rich in Omega-3 fatty acids, provides anti-inflammatory support.
